*"In a normal situation when you fail and need to go back home, you go back to your parents, but I didn't have that. I found myself homeless. I'd been praying for direction when a job coach at Haven for Hope told me about the Dental Assistant Training Program at **San Antonio Christian Dental Clinic**. This program is for people who cannot afford to go to college or technical school...and it is amazing. In 18 weeks, I was prepared. Every person in my class had a job by the end of the program. At the end of the day I'm happy, and I'm peaceful, and I'm satisfied. I'm so proud to be a part of **San Antonio Christian Dental Clinic**...I've found my place."*

Dr. David Singleton (left) and Dr. David Rickey (right) join forces to ensure a successful 2016 Smiles of Hope clinic.

"San Antonio Christian Dental Clinic is completely dependent on private funding as we don't receive any city, county, state or federal funds. This is a beautiful, state-of-the-art clinic and we're here to provide quality, affordable care.

A lot of these patients come here and this is the best care they've ever received. It's just great that this resource exists for them...and it's all from community giving that makes this possible."

Dr. Christina Meiners, Secretary, Board of Directors

"Our collaboration with UT Health School of Dentistry trains dental students through community health rotations while providing clinical care. Students consistently rate their learning experience at San Antonio Christian Dental Clinic among the most rewarding of all community rotations in which they participate. Annually, participants include senior dental students, senior dental hygiene students, general dentistry residents, and international dental education program students (IDEP)."

Gloria Canseco, Executive Director
