

We learned that the healing she received went beyond her teeth. According to her, the clinic not only restored her smile, the staff gave her a reason to smile at every visit, and helped to restore her confidence.

Our staff are selected for both clinical and people skills. Our team culture emphasizes the value of every person who enters and, for those seeking care, a special effort is made to convey comfort, care and compassion.

As of January, Rose Ann started her new job at Toyota and has been reunited with her precious daughter.

When asked what the clinic helped her the most with, Rose Ann modestly replied, "my daughter." She says that "it just feels amazing to be with her again."
