*"Haven for Hope offered this opportunity for me, and provided resources unimaginable, and **San Antonio Christian Dental Clinic** was one of those resources. Stepping into SA Christian Dental Clinic was so comforting – beyond comforting. There was a true trust process that I learned sitting in the chair. It meant something to me that they knew my life. I didn't have to be shamed or guilted or misunderstood, they were very embracing and wanting to be of service to me."*

*"Utilizing my clinical skills to treat our patients without teeth is a blessing to me. When seeing their smiles restored and concurrently their self-image immeasurably improved, I feel a warmth that is unparalleled. They can now interview for jobs with confidence and begin their transition back into mainstream society. My gift to them is rewarded by witnessing their joy at having teeth for the first time in many years. That is why I spend time at **San Antonio Christian Dental Clinic.**"*
